

AMERICAN LEGACY THEATRE (A.L.T.) 2021 SC² NATIONAL PROGRAM
**** COVID-19 EDITION ****

Want to create theatre for a digital platform? [A.L.T.](#) has an exciting eight-week opportunity for select middle school and high school students across the country.

A.L.T. will handpick a group 16 exceptional students from around the United States who will be guided by the A.L.T. Producing Artistic Director and A.L.T. teaching artist; students will write, perform, and design an original work that focuses on social issues chosen by the students through the process. A.L.T. will provide a digital infrastructure, start-up budget, and other administrative strategies for shared success of the production.

In the community, SC² leads the way for discussion on social change, and gains a valuable creative theatre experience. This summer intensive will prepare students to be leaders as performers, prospective college students, and members of society.

Who should apply? Students interested in working hard to use art as a tool to spark social change and discussion on civic issues are strongly encouraged to apply. This could be a technology guru, poet, songwriter, actor, dancer, costume designer, 'newbie to theatre', or anyone who cares for their community. If in high school and 18+, please apply for Creative Process Lead.
